NEW SOUTHERN PACIFIC ROUTE

Colonel Crocker and J. Sloat Fassett Ad-
mit a Contemplated Change.

Phoenix, Ariz., Jan. 11.—Colonel Fred
Crocker and J. Sloat Fassett, ex-collector
of the Port of New York, left Phoenix last
night, their destination being San Fran-
cisco. Just before the train pulled out
Colonel Crocker consented to an interview,
the first since his arrival in Phoenix.

When asked about the rumored change of
route of the Southern Pacific's system,
Colonel Crocker admitted the truth of the
statements published about the abandon-
ment of the present line between Bowie
and 6th Bend, but added: "We cannot tell
how soon. The engineering difficulties to be
encountered are great, and it will re-
quire some little time to build. It is true
that this proposed change would make the
route to the coast fifty miles longer, but
we presume this will be more than com-
pensated by the added scenic features."
"We recognize that financially it is bet-
ter for the Southern Pacific to run through
this rich country rather than through the
desert, as it does at present. We intend
to start a surveying party over the pro-
posed route late in the Spring, or as soon
as the snow is off the mountains."

MILITIA NEEDS A BETTER GUN.

Assistant Secretary of War Strongly In-
dorses Senator Hawley's Bill.

Washington, Jan. 11.—Senator Hawley's
bill to arm the militia, which authorizes the
Secretary of War to furnish the National
Guard of the various States with Spring-
field rifles of .45 calibre in exchange for any
other type of rifle now in use, which was
referred to the War Department for an
opinion as to its merits, has elicited a
strong recommendation from Assistant Sec-
retary Doe, who is in charge of militia mat-
ters.

He has, moreover, suggested that it would
be of even greater benefit to the militia if
the provisions of the bill were extended so
as to authorize the exchange of new Spring-
field rifles of .45 calibre for arms of the same
make and calibre already in the possession
of the militia, but which have become worn
out and useless as a result of continued use.
According to General Doe a good gun is a
desideratum to militiamen, and the Govern-
ment should see that they are all properly
equipped in the respect. In the case of the
main purpose of the bill, it is believed that
it will be amended so as to meet the point
raised by him.

Farmers Had a Chicken Chase.

Flemington, N. J., Jan. 11.—A train on the
Lehigh Valley road was wrecked, a few
days ago, near West Portal, and a number
of cars, containing over 4,000 live chickens,
were strewn about the track. The chickens
ran in every direction and scores of farmers
turned out to capture them. George Nevins,
a prosperous farmer of West Portal, cap-
tured thirty of the chickens, and he was ar-
rested yesterday on a charge of stealing
them. He protested that his game was run-
ning wild, and he had no thought of wrong-
doing, but he was held to answer, and it is
thought other farmers will be arrested on a
similar charge.

WAITING NOW FOR WARING

Striking Drivers of the Street-Cleaning
Department Remain Quiet Pending a
Settlement of Their Trouble.

The strike of the Street-Cleaning De-
partment drivers of Stable B, in West Fifty-
second street, has resolved itself into a
seemingly hopeless wait on the part of the
men for a satisfactory settlement. Seeing
that nothing was to be gained by resorting
to aggressive measures, the drivers absent-
ed themselves yesterday from the neighbor-
hood of the stables and waited with an-
xious patience for the decision of Colonel
Waring in the matter.

At the stables it was said by Foreman
Kelly that all the carts in his branch of
the department had been sent out, each
with one man, though this complement of
men employed did not represent the full
force. Considering the circumstances under
which the department was operating,
the results were by no means unsatis-
factory.

The men have decided not to apply for
reinstatement until they have learned
Colonel Waring's position in the matter.
They believe, however, that with the pos-
sible exceptions of the chief leaders of the
strike they will all be taken back. They
have all been discharged, and if they are
now taken back it will probably be at the
rate of \$300, which is paid to new men,
instead of \$720, which they were getting.

The stables and the Forty-seventh street
dump were guarded by a force of police-
men from the West Forty-seventh Street
Station, but no disturbances occurred.
Payment of the men's claims against the
city will begin to-morrow.

SAYS HIS WIFE IS CRUEL.

Mrs. McGowan Denies the Charge and
Will Contest the Divorce Suit.

Trenton, N. J., Jan. 11.—Mrs. Frank A.
McGowan says she will fight the divorce
suit filed by her husband in the Oklahoma
Court, as the allegations are false. Her
counsel is Judge Robert S. Woodruff, of the
Mercer Court, but he will not discuss any
details except to say that the charges of
cruelty are fabrications, and that every
charge will be met in the return bill and
the case fought.

Much sympathy is expressed here for
Mrs. McGowan, and many offers of assis-
tance have been made, as people generally
disbelieve the charges of cruelty. Mrs.
McGowan still occupies the big colonial
mansion here.

Engineers Must Hereafter Be Care- ful.

Public Works Commissioner Charles H.
T. Collis has preferred charges against En-
gineer Timothy, of the American Traction
Company, for blowing steam into the sewer
pipes and has cited him to appear before
the Police Commissioners next week to
show cause why his license should not be
revoked. Mr. Collis proposes to institute
proceedings against every engineer who is
caught violating the law in this manner.
